*“The YWCA staff supported me and my baby in staying on the right track. They also taught me about important milestones for my child, and ways I could support my baby to prepare her for success once she was in school. I always felt I had someone to talk to and support me at the YWCA.”*

## HOW WILL PARENTS AS TEACHERS SUPPORT ME AND MY CHILD?

We know that all parents want what's best for their child, but being a new parent can be a challenge. We believe parents are their child's first and most important teachers and the YWCA **Parents as Teachers** program supports you in this role.

Our free program partners with you to get your child ready for kindergarten and on the path for success. We use the **Parents as Teachers** curriculum to support you in the parenting process, with a focus on early childhood.

*Your child's success starts with **YOU!** Children involved in this program build larger vocabularies, increase reading scores, and are better prepared for kindergarten.*

## WHO IS PARENTS AS TEACHERS FOR?

Our program staff partner with young women and men ages 13-29 who are pregnant with their first child or who have a child under the age of 4. This program is designed for parents who want to build a healthy foundation for their family.

## WHAT CAN I EXPECT FROM PARENTS AS TEACHERS?

- » Fun, personalized home visits
- » Monthly group activities
- » Developmental screenings
- » Access to other community resources
- » Support in reaching goals such as employment, childcare, housing and more!

*"The Parents as Teachers program at the YWCA has been amazing, one of the best resources I've continued to utilize today, I'm so grateful for all the help and support I have received as well as memories with my children that I will always remember."*
